<b>Expectations</b>	<b>Adult Rating</b>	
	They did great!	Would benefit from a little more practice!
Child <b>practiced</b> their concert B-flat major scale (clarinets = concert F major scale) several times this week and perfected it on their own BEFORE performing it in front of their audience. <b>Notes are written on the back of this page.</b>		
Child performed with the correct notes (to the best of your knowledge) and tapped their foot to the beat while they played.		
<b>We are working on slurring!</b> Child slurred correctly by connecting groups of 4 notes at a time (not tonguing or separating the notes at all). **Trombone and Percussion students do not currently need to worry about slurring.		
Child played with good posture: sitting or standing tall, feet flat on the floor, and looking straight ahead.		
Child played their instrument for at least 5 minutes every day this past week. <i>(Please encourage them to do so all year!)</i>
