Have a fun and safe February break!

Expectations	Adult Rating	
	They did their best!	Would benefit from a little more practice!
Child practiced their Bb major scale (clarinets = F major scale) and played it 5 times perfectly on their own before performing it for their audience. Notes are written on the back of this page.		
Child performed with the correct notes (to the best of your knowledge).		
We are working on slurring (not tonguing)! Child slurred correctly by connecting groups of 4 notes at a time (not tonguing/separating the notes). Trombones and Percussion do not currently need to worry about slurring.		
Child played with good posture: sitting or standing tall, feet flat on the floor, and looking straight ahead.		
Child accepted applause with grace, and thanked the audience for listening by bowing and smiling.
